MEDICINAL.

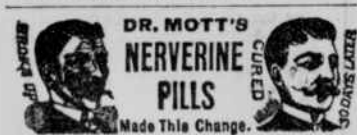

Tired Out

And she does not understand why. Her work used to seem so easy. You could tell her whereabouts as she worked by the snatches of song which now and again overflowed her happy lips. And now she can hardly keep up. Her head pains, her back hurts, and she feels entirely worn out.

What is the matter? The probability is that the stomach is disordered, the liver is not performing its whole duty. Poisons are accumulating in the blood, and unless these are removed, and the stomach and organs of digestion and nutrition are cured and strengthened, there is liable to be a serious illness. There is no medicine equal Dr. Pierce's Golden Medical Discovery for prompt help and perfect cure for diseases of the stomach and blood. It strengthens the stomach, purifies the blood, nourishes the nerves, and brings back the happy days of health, when life is all song and sunshine.

"I suffered ten months from a complicated case of liver complaint, constipation, indigestion, depression of monthly function, and kidney disease, too," writes Miss Lulu M. Brittle, of New York. "I also suffered excruciating pain in my back and head. I am glad to say that six bottles of Golden Medical Discovery, three bottles of Dr. Pierce's Pleasant Pellets, and two bottles of 'Compound Extract of Sarsaparil' cured me entirely. I gladly recommend Dr. Pierce's medicines to all sufferers."

REDEEMING STAMPS.
Bank checks, with 2-cent stamps imprinted thereon, are already being received in large numbers for redemption at the Internal Revenue Bureau of the Treasury Department. After July 1 no stamps will be necessary, and the banks which are loaded with stamped checks are endeavoring even at this early date to get rid of the surplus stock as rapidly as possible.

It looks as if there would be a perfect deluge of stamped checks pouring in upon the Revenue Bureau, just as there was in 1883, when rooms and corridors were filled with the accumulations which came every day by express and mail.

It is as yet an undecided question whether the owner of stamped checks will receive them again after he has turned them in for redemption. In 1883 the stamped checks were punched for cancellation and then given back to their original owners, so that they could be used. At the present time there seems to be a misunderstanding between the auditor of the treasury and the commissioner of Internal Revenue as to the course to be pursued, the latter believing that the auditor has decided that when a stamped check has been submitted as a voucher for claim it cannot be returned. This does not coincide with the informal statement made by the auditor yesterday, and it will probably require an official order from the Secretary of the Treasury to finally settle the matter. The demand for the return of the stamped checks is very emphatic, many business associations having taken the matter up in earnest and insisting that if the checks are completely destroyed, commercial houses will suffer great loss.

The internal revenue bureau is already preparing for the changes which will occur in the stamp laws on the first day of next month. The general public is most deeply interested in bank check stamps and stamps on telephone and telegraph messages. These are all repealed. Altogether, stamps are to be abolished on twenty-six articles, and it is estimated at the internal revenue bureau that the revenue will suffer a reduction aggregating from \$40,000,000 to \$45,000,000.

MURDER OF AN ACTRESS.
Edward Forshey, of Kansas City, an actor and assistant manager of theatrical companies, last night in Chicago shot and killed Miss Edna Stokes, an actress, whose home is at Sedalia, Mo., with whom he was deeply in love. Forshey claims to have met Miss Stokes in St. Louis six years ago, when they were both playing an engagement. The couple played in different cities of the country until last fall, when they came to Chicago and became members of the stock company playing at the Victoria Theatre. Forshey evidently intended to take his life after killing the woman, for upon his person when he was arrested were letters bidding farewell to his mother, Mrs. J. M. Forshey, 1323 Broadway, Kansas City, Mo., and another to Chief of Police O'Neill, of Chicago. The couple had engaged in a desperate quarrel three days ago, Forshey is said to have beaten the actress badly, cutting her head in two places. Miss Stokes gave orders to the proprietor of the Vernon Hotel, at which she was stopping, that Forshey should not be admitted to her presence, and although he called there twice during the early part of the evening, he was compelled to leave by the attendants. Later he called and the proprietor told him that he could wait in the parlor, where Miss Stokes would see him. She came down from her room, and the couple talked for about ten minutes, when Forshey suddenly drew a revolver and fired two shots, one passing through the right lung and the other close to the heart. She died almost instantly. After killing the woman, Forshey ran from the building, and was closely followed by James Helm and William Kennedy, the porter of the hotel. After pursuing Forshey a short distance, Helm overtook him, and throwing him to the sidewalk, held him until the arrival of the police. When taken to the police station Forshey said that he intended to kill himself, as he could not live without Miss Stokes's love, but that his nerve failed at the last minute.

HIS LIFE SAVED
By Chamberlain's Colic, Cholera and Diarrhoea Remedy.
"I am sure that Chamberlain's Colic, Cholera and Diarrhoea Remedy at one time saved my life," says A. E. Lefevette, of Gregory Landing, Clarke county, Missouri. "I was in such bad shape that the doctors said I could not live. When I was at the lowest ebb, one of my neighbors brought in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I took it and got around. That was nine years ago and I am still in good health. Since then that medicine has always been in my house and always will be. It is the best on earth." For sale by Richard Gibson, druggist.

WHITECAPS PUNISH A WOMAN.—The home of Hiram Henderson, a farmer of Fulton county, Md., was the scene of an outrage Sunday night, Mrs. Henderson being the victim. About midnight the house was entered by a dozen men clad in women's clothes and wearing masks. Mrs. Henderson was taken from bed and a severe whipping with a leather strap was administered, after which she was ordered to leave the county. Not content with this, the mob covered her face and head with a coat of tar, rubbing it into her hair. The husband was in bed, and was kept still by cocked revolvers in the hands of two of the mob while his wife was being whipped. It is charged that Mrs. Henderson possesses a terrible temper, and is of sullen disposition, and that, within the last few days she threatened to kill her husband, and at one time knocked him down, and would have carried out her threat but for interference by neighbors. She then declared, it is further charged, that she would burn her neighbors' houses and poison their cattle, and because of this the whitecaps retaliated. The husband and a farm employe scrubbed off the tar and Mrs. Henderson left the county. She is fifty years old, while her husband is twenty years her junior.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for cerebral troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price, including the spraying tube, 75 cts. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren street, New York.

Eczema, salt rheum, tetter, chafing, itchy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain cure.

Kodol
Digests what you Eat
Dyspepsia Cure
A powerful engine can't be run with a weak boiler, and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating. "After forty years of suffering from indigestion, a few bottles of Kodol Dyspepsia Cure cured me."—And Bell, Fredonia, Pa.

It can't help but do you good
Prepared by E. C. DeWitt & Co., Chicago. The \$1 bottle contains 2 1/2 times the 50c. size.
